CONTRACTOR IS REMOVED

Peremptory Order Occasioned by A. N. Brady's Delay.

WORK ON THE AVENUE

Unusual Tardiness in Completing the Grading of That Thoroughfare and Branch Avenue in the County. Times Had Been Investigating Complaints Made by Citizens.

The District Commissioners have finally decided that the long deferred improvement to Pennsylvania avenue extended, and its important tributary, known as branch avenue, will be pushed to completion. The demand for the utilization of these thoroughfares by citizens whose rights and conveniences are involved, and the quiet investigation recently made by The Times with view of exposing the matter to public attention, have doubtless had the effect of bringing to the attention of the Commissioners with renewed force the fact that great injustice was being done by the needless delay in the execution of the contract.

PASSED THE ORDER. The result is that the board has passed an order which was promulgated yesterday, authorizing the grading of Pennsylvania Avenue from Thirtieth street northeast to its junction with branch avenue, and the grading and paving of the latter thoroughfare from that point to Bowdoin street, and to A. N. Brady's road, a distance of about 1.5 miles.

WORK STILL INCOMPLETE. The price stipulated in the contract was \$10,000, and it is estimated that the work could have been easily accomplished in six months from the date on which the agreement was reached, but for some reason not explained, and notwithstanding Mr. Brady's repeated warnings, the improvement has not been completed. It is estimated that at least \$100,000 worth of property owners and residents interested in the work have been inconvenienced by the delay, and that the loss of business and the inconvenience to the public would not have been incurred in anybody else.

Sharp contrasts are drawn between the course pursued by the District authorities in this case and their action in the case of other contractors whose work was not completed within the time specified. There are no other contractors whose work has not been completed, and the District Commissioners have issued a peremptory order which will require the immediate fulfillment of the contract.

SUFFERED FROM THIEVES.

Light-Fingered Gentry Pay Many Midnight Visits.

Frank Hamilton, 1622 Twenty-second street northwest, had an Eclipse safety bicycle stolen between 2 and 4 o'clock yesterday. The bicycle was valued at \$100.

B. L. Starland, 505 Ninth street northwest, reports that during last night his bicycle was stolen, and a gold watch and chain were taken from his bedroom.

George R. May, 411 Pennsylvania avenue northwest, had his bicycle stolen from his front porch, and a gold watch and chain were taken from his bedroom. The bicycle was valued at \$100.

J. E. Ray lost a drab horse blanket, which was taken from off his horse last night, while it was standing in front of the Law Building on E street.

Eugene Hancock, 221 First street southeast, reports that his house was entered through the summer kitchen and a silver watch and chain stolen from his bedroom.

POPE LEO'S JUBILEE.

Preparation to Celebrate Fiftieth Anniversary of His Episcopate.

The hierarchy of the Roman Catholic Church in the United States is about to organize a committee to prepare for the celebration of the golden jubilee of Pope Leo XIII's elevation to the episcopate, which will occur January 19, 1896. Cardinal Gibbons has been asked to preside over the jubilee, and his plans are being heartily endorsed by the entire body of archbishops and bishops in the United States.

Leo has already commemorated his golden jubilee. On January 1, 1888, he was elected to the papacy, and on February 19, 1893, he celebrated his golden jubilee as a bishop, and now comes the jubilee of his elevation to the papacy. The half-century date of his elevation to the papacy is a subject of much speculation.

Two Far Young Sponsors. Miss Gray, the daughter of the senior Senator from Delaware, and Miss Gray, the daughter of the mayor of Nashville, Tenn., have been selected to sponsor the jubilee at Newport News, Va., on October 19.

Engine Company No. 11, of Mount Pleasant, extended through The Times their thanks to Mr. Henry Brooks, of South Washington, who recently presented to the firemen a number of interesting and useful volumes of literature.

No Extortionate Shoe Prices Here!

The fact that leather is unreasonably high does not affect the prices of shoes at our stores. Our heavy buying was done long ago, and at NEARLY old prices. On such shoes as we have been compelled to pay the advance—we are simply cutting down profits—DIVIDING them with you—and this method has more than doubled our usual fall sales. We are selling better and more stylish shoes than ever before—and in many cases at even LESS than old prices.

CALLS IT A SUBTERFUGE

Auditor Petty's Comment on the

Donner-Reichelderfer Case.

Commissioners Refuse to Discuss the

Question of the Salary Paid the

High School Teacher.

The board of school trustees, at a recent session, appointed H. T. Donner to fill the position of English instructor at the Central High School, but as a matter of fact, Mr. Donner will be the instructor in that branch. He will draw the salary attached and turn it over to L. H. Reichelderfer, the actual teacher, who cannot appear on the pay-roll for the reason that as assistant military instructor, he is already in receipt of a salary, and the law forbids any person from occupying two positions of profit under the Government.

The plan adopted to secure Mr. Reichelderfer's services as teacher of English is said to have had a precedent in the case of Major Ross, who, as an employee of the War Department, cannot lawfully receive pay as military instructor of the high school cadets. The latter position was given to one of the cadets, who draws the salary and pays it over to Major Ross.

The practice is approved by Principal Lane, who says Mr. Donner, as a teacher, is not entitled to a salary, and that he will dispose of it as he pleases. The school trustees are said to have fully understood the situation at the time of Mr. Donner's appointment, and gave it their indorsement by consenting to the arrangement.
